Teaching young people how to use music technology and create with it.

Nov 2003 – Dec 2003 Stralfors, Contract Developer
Improving operations and external interfaces for a large-scale printing service.

Oct 2002 – Mar 2003 Toshiba Information Systems (UK), Developer
UI specification and design for a sub £300 TV set.

May 2001 – May 2002 Panasonic Owl, Developer
Establishing automated ***Java*** test systems and coverage tools for digital TV decoders.

Oct 2000 – Mar 2001 AMS-Neve PLC, Developer
Coding real time machine control systems for film sound production in ***C/C++***

1998 – 1999 AMS-Neve PLC, Software Tester – work placement

EDUCATION
Mental Health First Aid training – 2019 and November 2022
BEng. (Hons) First class in Electronics, Music & Media Technology at Leeds Metropolitan University (2000).
BTEC ND in Engineering at Shrewsbury College of Arts & Technology (1996)
Nine GCSE's at Grade 'C' or above (1990).

VOLUNTEERING
Built an accessible jobs board for a London charity, originally as Covid tech-support.
Run a CoderDojo in the local library and ran two Code Clubs for five years. Mentored at local Summer and Easter Schools teaching software engineering.
Supported Shropshire Youth Arts Network by running sound systems and assisting a youth theatre video project; taught music technology at Livewire youth project.
Volunteered as a water-sports instructor at Stithians Lake for three years.
Helped Surfers Against Sewage with event stalls, admin, and design work.

INTERESTS
I like to create music (soundcloud.com/dijitl & dijitl.bandcamp.com/) as my passion for this has been rekindled in the last few years.
I walk, run, cycle, bodyboard and swim in the sea, and also do yoga to keep my mind and body working.
